

Ash Snow Work

Get out in the snow!

What shapes can you make? How many sides and corners does your shape have?

How many 3d shapes can you make? Describe to a friend what your shape looks like.

Can you measure your shape in cm? Can you take photographs of the shapes you're making?

Can others guess what shape you've made and can you guess there's? Don't forget hexagons, pentagons and octagons!
