

The TRAIN

Hoot, hoot, hoot
Going along, going along, going along

Wheels spinning round and round,
Putting coal in the stove,
Engine is getting hotter,
The train is getting faster.

This is a chase, a chase, a chase.
Whizzing past:
Stations, trees and houses,

On our way
Hill in the way,
Going through a tunnel,
Out the other side.

Keep on going, going, going.

Whizzing past:
Stations, trees and houses,

All the way to Brighton
Getting ready to stop at a station,
Passengers off, next ones on
Ready for the ride!
